HYBRID TEA ROSES

Everblooming—Beauty Spring 'til Frost!

K.A. VICTORIA. (White) Soft pearly white with just a touch of yellow in the center. Beautifully formed buds and open blooms. Pleasing rich fragrance. Long graceful stems; ideal for cutting. Strong, upright growth; blooms freely over a long period. Fine variety for contrast among other roses, and for exquisite bouquets.

SOEUR THERESE. (yellow) The long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. It has a sweetbrier fragrance. The blooms come freely on splendid cutting stems. Leathery bronzy green foliage on a bushy, strong plant. Among the finest yellow roses for home gardens.

POINSETTIA. (red) This free-blooming rose brings to you the brilliance and glowing red color of the Christmas poinsettia. The buds are ideal in form, long and pointed; fairly good petalage, a good grower and fine as a cut flower. The plant is sturdy and full, well covered with rich, attractive foliage.

COUNTESS VANDAL. (pink) Long, pointed, orange-copper buds. The flowers are large, double, high-centered, and have a rich fragrance. Their color is brilliant pink lightened with salmon. The blooms are borne on long stems. One of the most popular roses, because of its beauty and abundant bloom.

Prices on above varieties: \$1.15 each; 2 of one variety for \$2.25.

DAYLILY (Hemerocallis)

One of the Easiest to Grow of all Plants

Valuable for their large, showy flowers and variety of bright colors; for use in borders, shady areas and cutflower garden. Their flowers are new in a multitude of shades, all with a clean and pleasant fragrance. By a careful selection of varieties, flowers may be had in abundance from June until September. Few plants surpass the vigor, beauty and wide range of colors of the Daylily. We have been propagating and increasing our stock of these splendid plants for several years and now have a sufficient stock to offer them to our customers. These are some of the best varieties offered by any grower and many of them are very new. The plants below are all 2-year field grown.

LINDA Color is soft, pale amber-yellow. The throat of somewhat deeper tone is separated from the main color by a well defined, narrow, delicately shaded starlike band of soft mahogany. The three main or broadest flower petals are heavily ruffled while the separating three narrow petals are not. The effect is very pleasing. Height 30 to 34 inches. Each 75c.

APRICOT Medium sized blooms of a light apricot orange shade. One of the first of the season to bloom, making a very bright spot in your garden. Each 50c.

FLORHAM Large, golden yellow, trumpet-shaped flowers are borne on two-foot stems. Starts to blossom in late May. Excellent for cutting. Each 50c.

MIKADO A bold flower of rich orange with large conspicuous spot of mahogany red in each petal. Flowering in June and July. One of the best in its color. Each 50c.

FIELD GROWN HARDY PHLOX

No flower will lend more color and beauty to your garden than a mass planting of Hardy Phlox. They thrive under average conditions, bloom freely over a long period of time and are equally satisfactory when used in beds and borders.

We are growers of Phlox and have an unusually fine assortment of field-grown plants. These are one-year plants, the best size for transplanting. All are well-rooted and have bloomed in our fields, so we know they are true to name.

Phlox will start blooming early in July and continue through August and September, highlighting your garden with sparkling, bright colors. We believe among the varieties we list, you will find many to please you. Plant them this spring—you'll enjoy them for years.

ANNIE LAURIE One of the best salmon-reds. Beautiful large trusses. Very vigorous and free flowering; tall grower.

AETNA. Brilliant Carmine red with blood red eye. A good grower with clean foliage. A brilliant flower in the border.

CAROLINE VANDENBURG The outstanding dark blue Phlox; very rich color. Notable not only for its color, but because it is extra large, healthy, vigorous and productive. The nearest to a real blue.

BLUETTE. Light purple. Large florets; clean healthy foliage. Long bloomer and the flowers are long-lasting. An asset to any garden.

CHEERFULNESS Sparkling orange-red; outstanding for its non-fading quality even in hot sunlight. Blooms late, prolonging the season by several weeks. Very vigorous; height 3½ feet.

BRIGHT EYES. Extraordinarily large florets of bright red with dark eyes or centers. Possibly the biggest of any Phlox. Plant is medium tall and has excellent foliage making a great show for its color and size.

COUNT ZEPPLIN Pure white florets with vivid, red eye; very striking contrast. Non-fading. Should be included in every Phlox planting.

DAILY SKETCH Extra large florets, 1½ inches across. Beautiful light pink with small carmine eye. Color does not fade, but stays clear throughout. Unusually large trusses.

ETHEL PRITCHARD Beautiful soft lavender; blends well with other colors. Large, well-formed trusses.

FUSCHIA. Large flower heads of a rich deep shade of reddish purple. Strong grower; vigorous, and healthy. Has good clean foliage. Excellent as a cut flower. Very striking in the garden.

FLASH An unusual and very effective color combination—florets are a rich carmine-rose with orange-scarlet center. Makes a fine display in the garden. Strong grower; blooms profusely all season.

LEO SCHLAGETER The color seems to glow, it is such a vivid, brilliant red! Considered the best and brightest red Phlox in existence. Large, full heads on 3-foot plants. Early.

Leo
Schlageter

LILLIAN One of the most distinctive new Phlox ever introduced—the famous blue-eyed Phlox. Florets are a lovely salmon-pink with distinct blue eye. Compact flower heads; well-formed florets. Robust grower; very free-flowering.

MARY LOUISE An exceptionally fine white Phlox—florets are unusually large and of purest, snow white. Plants grow to medium height; bloom abundantly throughout the season. Has good clean foliage. Plant this for contrast among darker colors.

Hardy DELPHINIUM

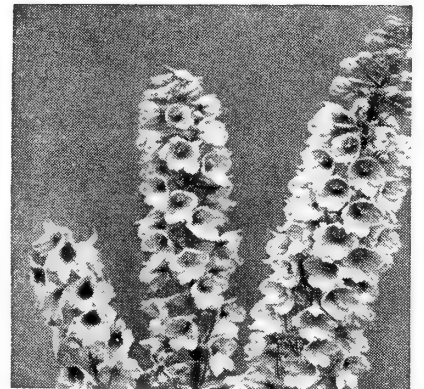

Here is one of the best loved and most popular of the world's perennials. New introductions have widened the colors available and have produced better growth and blooms. Our reputation has been founded on the high quality of the delphiniums we grow. These are all healthy, field-grown plants that will bloom in your garden this summer.

BELLADONNA, IMPROVED CLIVEDEN BEAUTY Enchanting soft light blue in color. A strong grower and heavy bloomer. Superior to the old types of Belladonna; better stems and color. Height 3 feet. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

BELLAMOSUM SAPPHIRE A new, improved strain, similar in habit of growth and characteristics to Belladonna. Color is a rich sapphire-blue. Individual florets are very large and thickly clustered on tall spikes. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

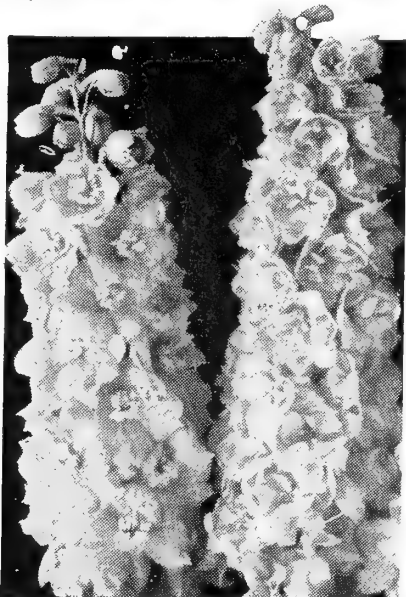

CHINESE Graceful habit of growth and finely cut foliage makes this variety very desirable for garden and display. Flower spikes are loosely arranged, attain a height of 2 feet, and are a lovely clear light-blue color. Excellent for bouquets. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

LAMARTINE Well formed spikes of the deepest blue flowers, each with

Belladonna Delphinium (Improved Cliveden Beauty)

a distinct white eye. The real Gen-tian-blue color is rare in flowers; here is one of the outstanding cutting varieties. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

Hybrid Delphinium

GORGEOUSLY COLORED HYBRID DELPHINIUM

Recent introductions in the field of Hybrids have added rare new colors and variations never thought possible in Delphiniums. Individual florets are now double and semi-double as well

as single. Spikes are unbelievably large. No Delphinium planting is complete without some of these Hybrids for a gorgeous display next summer.

BLACKMORE and LANGDON HYBRIDS

Superb color range which includes shadings from pale blue through delicate lavender and rose variations. Very strong grower with strong stems 4 to 5 feet tall. Flowers in June; florets run a large percent double. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

WREXHAM STRAIN Hollyhock Flowered

Extremely long, spire-like spikes, thickly studded with individual florets of large size. Color variations including all shades from deepest blues and purples to the delicate pastels in rose, orchid and pale blue. A wonderful grower and producer with very strong stems. 5 ft. June. Each 30c; 3 for 70c; 6 for \$1.15; 12 for \$1.95.

Giant Flowering Pacific Hybrid

DELPHINIUM

**We Are The World's Largest
Growers of Delphinium Seedling**

This elegant strain of Delphinium is almost beyond description. Stately flower stalks 3 to 5 feet tall are profusely bloom-laden; individual flowers are 2 to 3 inches across, many are double, semi-double, some single. The plants are resistant to mildew and stems are wiry and strong enough to resist high winds. These are all strong, well-rooted plants that will bloom in your garden during June and July.

BLACK KNIGHT Large flowers of darkest royal violet shades; a remarkably rich color.

BLUE BIRD Superbly tall spikes set with clear medium blue flowers with white bee.

BLUE JAY Intense shades from medium to dark blue, all with darker bee.

CAMELIARD Clear soft lavender with white bee. Very large, round florets of perfect form.

GALAHAD Glistening pure white flowers of enormous size; individual florets measuring 3" across.

GUINEVERE Light pink-lavender self with white bee. Excellent branching habits; beautiful large blooms.

KING ARTHUR Rich, deep royal violet with large white bee. Long, graceful spikes; very large florets.

PERCIVAL An outstanding new variety; clear white with brown bee.

SUMMER SKIES As beautiful as the name indicates; clearest light blue with white bee.

ROUND TABLE A superb mixture comprising all available shades. For sheer beauty, vigor and quality they are unequalled.

HUNDREDS OF BLOOMS FROM ONE PLANT!

These super-blooming hardy perennial plants are a whole garden in themselves! From quite small plants in the spring they steadily develop into big, bushy plants that produce hundreds of blooms—dressed in the richest autumn colors! Plant them this spring—for a spectacular display of color next fall. They'll draw admiration from all who view them.

Prices on Varieties listed below:

\$1.00 Each; 2 for \$1.85; 4 for \$3.55; 6 for \$5.10; 12 for \$9.60

BLAZING RED. (Pat. No. 1177.) The most sensational red Azaleamum. A huge mound of blazing red blooms that will bring lively color to your garden from August until frost. The plants grow 12 to 14 inches tall.

HALLOWEEN MOON. Beautiful, delicate pink, ball-shaped flowers. Not just a few flowers, but hundreds of these beautiful flowers on one plant the first year. A honey!

NUGGET. (Pat. No. 802.) Bright, Dresden-yellow of lasting beauty. Hot weather does not affect its brilliant coloring. A wonderful yellow for contrast among the darker varieties.

PINK DREAM. (Pat. No. 865.) Soft silvery pink; center touched with yellow. You'll be charmed with the velvety texture and exquisite coloring, and it blooms and blooms!

RED WITCH. A new red variety with new-form blossoms. Color: deep, glowing burgundy-red, the color you like so well. Flowers overlap on the plant, making a glowing mass of color.

SNOW FAIRY. Large, snow-white blooms; the petal edges are feathery, giving a pleasing fluffy effect. It's so different in form, you won't want to miss this one.

SUMMER GOLD. (Pat. No. 598.) A rich golden yellow similar to Nugget, but flowers are shaped differently. A golden treasure in your garden.

SUMMER SUNSET. (Pat. No. 561.) Beautiful opalescent shades that intermingle beautifully. Hundreds of lovely flowers from August until frost.

SWEETHEART. Dark, glowing pink. Perfection of form and vibrant, rich color have made Sweetheart a consistent winner. Blooms abundantly too, all season long.

TAM-O-SHANTER. Something entirely unique in Azaleamums—the first real orange color! It's bright and right in every way. Very hardy and vigorous; blooming heavily until frost.

WINSOME WITCH. Beautiful royal pink that is simply irresistible. Mounds of beautiful flowers from August until frost. To see it is to want it for your own garden.

WITCHES GOLD. The best yellow yet—golden yellow—rich yellow-clear and lovely and bright. Just imagine a whole mound of these beautiful blooms in your garden!

(We are authorized to grow and distribute Azaleamums by R. M. Kellogg Co.)

Saucer Magnolia

MAGNOLIAS

MAGNOLIA SOULANGEANA. Popularly known as the Saucer Magnolia. Widely planted for its really gorgeous 4-inch flowers that open in early spring before the leaves appear. Flowers are cup shaped, white inside and stained purplish-pink on the outside. The tree grows to a height of about 20 feet and is quite symmetrical in form. Gorgeous, shiny green foilage adds to the attractiveness of this tree, making it a most worthy addition to any landscape plan. The trees are perfectly hardy and will thrive most anywhere. \$2.50 each; 3 for \$6.75.

MAGNOLIA NIGRA. A popular favorite among the hardy Magnolias. Bears large, very dark purplish-red flowers in early spring; delightfully fragrant. Leaves are large and rich, waxy green. Grows to a height of 15 to 20 feet. Prefers an acid soil. A splendid tree for lawn specimen planting; also widely used in parks and tree lawns. Makes a very showy display when in full bloom. Clean, upright habit of growth and handsome foilage adds to desirability of this lovely tree. \$2.50 each; 3 for \$6.75.

Crimson King Maple

CRIMSON KING MAPLE

(Plant Pat. No. 735)

A very decorative form of Norway Maple. All summer the leaves are about the color of a copper beech and, in addition, the branches and young foilage is a lighter, glistening color. Makes a superb lawn specimen, and is equally valuable for planting along streets and driveways, and for color contrast among other trees.

The trees are very hardy and grow rapidly, reaching a height of about 50 feet at maturity. Here is a tree that is so richly colorful from early spring until late fall, it cannot fail to enhance any landscape. \$4.99 each; 2 for \$9.78.

MOUNTAIN ASH

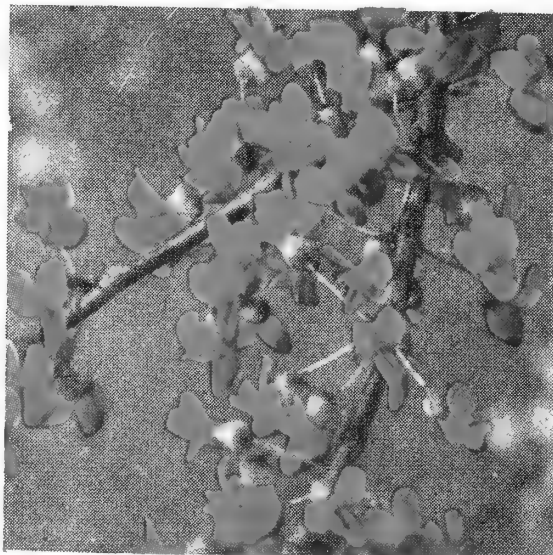

(*Sorbus Aucuparia*). A very pleasing small tree for the lawn. Produces showy, large clusters of scarlet berries from July to winter. A graceful tree with small, narrow foilage; can be grown anywhere in the garden without hampering growth of flowers. \$1.50 each; 3 for \$4.25.

TULIP TREE

(*Liriodendron Tulipifera*). A handsome, large, stately tree of sturdy habit. Named for its tulip-shaped, light yellow flowers carried in late May. Has bluish-green foilage. A splendid tree for street and lawn planting; widely planted everywhere for its ornamental value and pleasing shade. Prefers moist, rich loam. \$2.00 each; 3 for \$5.50.

Mountain Ash

Redbud

REDBUD

(*Cercis canadensis*). One of our most beautiful shade trees. It is a breath-taking sight in early spring when the branches are covered with large clusters of rose-pink flowers.

The tree attains a height of 20 to 30 feet at maturity and thrives in fertile, sandy loam. Superb subject for the lawn; also used effectively in the shrub border, where its beautiful spring color contrasts with other plantings. Large heart-shaped, rich green foilage adds to its beauty. \$1.15 each; 3 for \$3.25.

FLOWERING DOGWOOD

White Flowering Dogwood (*Cornus florida*) One of the outstanding native trees of the United States. Distinctive, horizontal branches bear a profusion of single, white flowers in early spring. Handsome rich green foilage in summer turns to a gorgeous scarlet-red in the autumn. Showy, bright red berries, borne in huge clusters, attract many species of birds. \$1.50 each; 3 for \$4.25.

Pink Flowering Dogwood (*Cornus rubra*). Same form as above, except flowers are a beautiful soft pink. The trees are perfectly hardy and do well in either full sun or partial shade. Plant two or more for a spectacular display of color. \$2.50 each; 2 for \$4.25.

Beautiful CANNAS

Grand Opera Series Favorites

The tints of these new Cannas are remarkable for their delicateness. Gone are the hard, offensive colors. These new Cannas have immense trusses, often larger than Gladioli, making a brilliant display in the perennial border or when planted in beds.

MME. BUTTERFLY. Immense blooms of soft horizon-yellow washed with overtones of daybreak-pink. When fully open it is considered as one of the finest.

AIDA. Full, luxuriant trusses of old rose overlaid with delicate salmon. Petals are broad and rounded, each petal overlapping its neighbor.

LA BOHEME. Soft rosy peach overlaid with delicate pear tints. This may well prove to be the favorite of all.

RIGOLETTO. Mass of florets first opening to a canary-yellow, passing to light lemon-yellow as the flowers develop. Bright green foliage.

MIGNON. The lower petal of the giant truss is old gold washed with overtones of peach and rose. The three upper petals are lighter in tone, the old gold being less apparent. Very striking.

The above varieties Each 40c; 3 for 90c.

Red Rich
Everbearing Strawberry

New RED RICH EVERBEARING STRAWBERRY

Produces Berries From June To Frost

Pat. No. 993. Redder, sweeter, hardier, healthier and more productive than any other everbearing Strawberry! Red Rich has been a sensational success—acclaimed the greatest development in fifty years. It was produced after fifteen years of cross-breeding with Fairfax and Wayzata—one famous for flavor, the other for everbearing qualities.

A perfect berry for freezing—it thaws without loss of firmness flavor or natural sugars. Keeps and ships well too. Berries are big, luscious and rich red clear through.

25 for \$5.25; 50 for \$8.50; 100 for \$15.00

STREAMLINER EVERBEARER

An outstanding everbearer. Produces big, profitable crops in six months or less. Large, attractive berries are borne in spring as well as fall; by September it fruits so heavily that it is sure to be a big profit-maker. The berries are large, well-shaped and well-colored to the center, with no green tips and never hollow. Excellent variety for freezing; berries are firm-textured, and have a rich, delicious flavor.

Plants are very hardy and prolific, producing an abundance of runners. Does well on either clay or sandy loam. Good variety for home gardeners and commercial growers. Berries keep well.

25 for \$2.10; 50 for \$3.15; 100 for \$5.25; 500 for \$19.90.

PREMIER — Great Commercial Bearer

The leader of them all! The berries are extra large, with beautiful red color clear through; solid enough to ship well and tops for preserving. The flavor is delicious. Plants are sturdy and frost-resistant. Ripens early and continues bearing through June. 25 for \$1.45; 50 for \$2.25; 100 for \$3.60; 250 for \$6.80; 500 for \$11.00; 1000 for \$19.85.

ROBINSON — Profitable High-Producer

One of the best late bearing varieties. Berries are extra large, conical in shape and shiny, bright red to the very center. Flavor is honey-sweet. Good quality and firm texture. Excellent for shipping. Plants are hardy, healthy and vigorous.

25 for \$1.45; 50 for \$2.25; 100 for \$3.60; 250 for \$6.80; 500 for \$11.00; 1000 for \$19.85.

DUNLAP — An Old Favorite

Dependable midseason to late Strawberry which stands coldest and warmest climates, and poorest soils. Plants make solid fruiting rows; bear medium-size, dark red, honey sweet berries. A very strong high-yielding plant.

25 for \$1.45; 50 for \$2.25; 100 for \$3.60; 250 for \$6.80; 500 for \$11.00; 1000 for \$19.85.

SPARKLE — Superb Quality

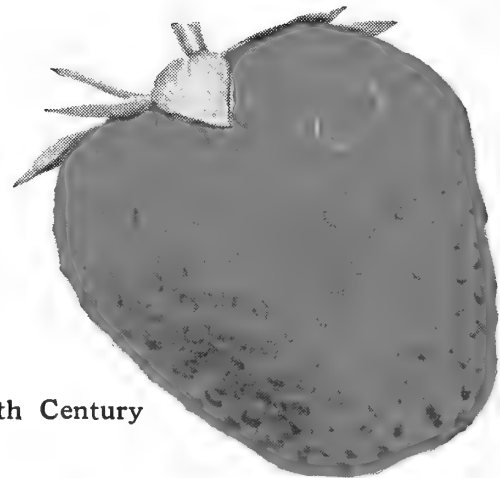

Berries are of good round form, sparkling red, while only of medium size they are produced freely. Quality is excellent. It has a very long, late ripening period. Rates high as a freezing variety. Almost immune to red stele disease.

25 for \$1.45; 50 for \$2.25; 100 for \$3.60; 250 for \$6.80; 500 for \$11.00; 1000 for \$19.85.

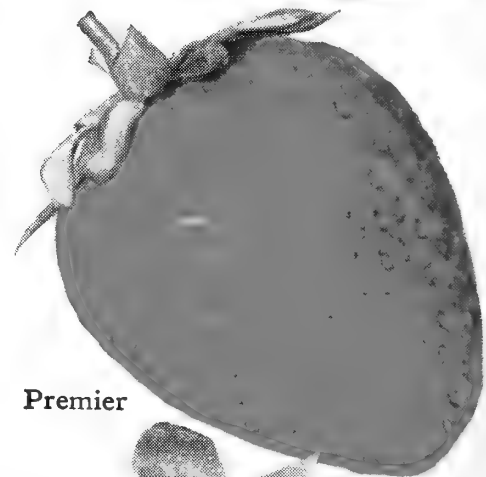

20TH CENTURY — A Leading Everbearer

An outstanding everbearer; superior in size, quality, and vigor of plant. Vigorous growing with exceptionally heavy producing abilities. Bright red berries of fine texture and delightful taste. Bears fruit in 60 days and up to freezing weather.

25 for \$4.25; 50 for \$7.00; 100 for \$10.00; 250 for \$22.50.
